

Installation

Install Drivers:
Please plug the wireless adapter into computer first before installing the drivers

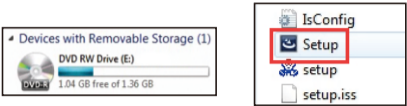

* Bluetooth driver and WiFi driver are separate and they need to be installed separately.If the Bluetooth is successfully connected and the wifi function is not available,you need to reinstall the wifi driver.
* Bluetooth WiFi Adapter Online Driver:<https://www.dropbox.com/s/xhkqketnpvgv4i/RTL8822BU.rar?dl=0>
